ABOUT ME

I am a Software Engineering undergraduate enthusiastic with and learning Full-Stack Development & DevOps Engineering. I excel in coordinating, and teamwork with a keen ability to communicate effectively. My goal is to support companies in achieving their objectives and vision through my technical expertise and collaborative mindset.

EDUCATION

2022 - PRESENT

BSc. (hons) in Software Engineering

University of Kelaniya, Sri Lanka

Domain

- Net Centric Applications
- Data Science and Engineering Applications
- Business Engineering Applications

2020

G.C.E Advance Level

Telijjawila Central Collage

PROJECTS

Employee Management System(ongoing) - Individual

Spring Boot | MySQL | Html | JavaScript | Bootstrap

This web application is designed to manage employee data through essential CRUD operations. Allows users to easily save, retrieve, update, and delete employee records. The frontend and backend are connected via a RESTful API, ensuring smooth communication and data exchange between the client and server.

TECHNICAL SKILLS

PROGRAMMING LANGUAGES

- Java
- Php
- Html
- Css

TECHNOLOGIES

- Linux
- Docker
- Nginx
- AWS EC2
- React
- Spring Boot
- Git & GitHub
- MySQL

APPLICATIONS

- Figma
- Jira

SOFT SKILLS

- Critical Thinking
- Teamwork
- Communication Skills
- Project Management
- Time Management
- Creativity
- Adaptability

LANGUAGES

- English
- Sinhala

VOLUNTEERING

○ Jun 2023 - PRESENT

Executive Committee Member

Software Engineering Students' Association
University of Kelaniya

○ May 2023 - Jun 2024

Co-Director

Member Relations Avenue
Rotaract Club of
University of Kelaniya

○ Bank Modern Application - Individual

Vite + React | Html | Tailwind CSS

Developed and dockerized a responsive React JS web application focused on delivering an engaging and visually appealing user experience with a hero section, high-quality assets, business stats, reusable features, call-to-action buttons, and client testimonials for an engaging user experience.

Repo - github.com/leshaan99/Bank-Modern-App

○ Personal Portfolio - Individual

ReactJS | Html | CSS | JavaScript

Developed a personal portfolio website using React to showcase my skills, projects, and contact information. The site features a modern and responsive design, ensuring an optimal viewing experience across various devices. The application is containerized using Docker, leveraging a Dockerfile based on the node:20.11-alpine image for a lightweight and efficient deployment. The portfolio is deployed on Netlify for seamless access and performance.

○ Online Cool Gadgets Store - Group

PHP | HTML | CSS | MySQL

Developed a comprehensive full-stack e-commerce web application designed for online shopping. The platform includes both user and admin functionalities. Key features include User signup, login and profile management, intuitive search functionality allowing users to easily find products, integrated shopping cart and secure checkout system, admin dashboard for managing products, orders, and users, providing full control over the e-commerce platform.
